## THE LEGEND CONTINUES A NEW...

Our Wine List showcases great grapes from around the globe, beckoning the interest of both the adventurous and the neophyte wine lover. This thoughtful philosophy proudly represents the spirit of the Wine Century Club's Credo that encourages all wine lovers to broaden their wine drinking scope at every opportunity. We offer over 230 wines in more than 60 grape varieties.

"The wine that one best remembers are not necessarily the finest that one has ever tasted, and the highest quality may fail to delight so much as some far more humble beverage drunk in more favorable surroundings." – H. Warner Allen

Wines produced with farming techniques that are mindful of their environment have been labeled with a leaf icon:

Organic , Sustainable , or Biodynamic .

# WINE & THE LONE STAR STATE

**T**exas is the site of the first vineyard established in North America by Franciscan priests circa 1662. As European settlers followed the development of mission outposts, they brought more grapevine cuttings, further developing the industry through the 1800s. Today Texas has over 4,000 acres of producing vineyard farmland.

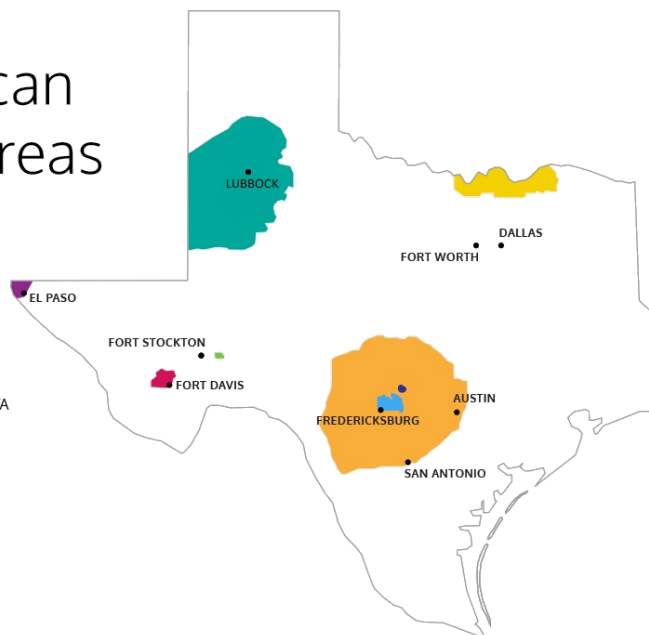

An AVA is an American Viticulture Area (Grape Growing Area) designated by the U.S. Department of Treasury through the Alcohol and Tobacco Tax and Trade Bureau. Texas has eight AVAs although many vineyards exist outside the specified AVAs. For a wine to mention an AVA on the label, 85% of the volume of wine must come from grapes grown in that designated region.

## Texas Wine and Winegrape Industry Profile

- \*America's No. 5 wine producer and No. 7 wine grape producer
- \*Contributes more than \$1.88 Billion of Economic Value to the State of Texas
- \*Over 11,000 full time jobs paying \$417M in wages
- \*Over 1.6M visitors to Texas wineries spending \$466.1M
- \*350 Wineries (permit issued by TABC as of January 1, 2015)

## Texas American Viticultural Areas

- Bell Mountain AVA
- Davis Mountain AVA
- Escondido Valley AVA
- Fredericksburg in the Texas Hill Country AVA
- Mesilla Valley AVA
- Texas High Plains AVA
- Texas Hill Country AVA
- Texoma AVA

## American Viticultural Areas (AVAs) of Texas

### Mesilla Valley

Established in 1985, this was Texas' first AVA. Although viticulture began near El Paso in the mid-1600s, grapes were first planted in the Mesilla Valley only in the early twentieth century. Located at the far western tip of the Texas border north and west of El Paso and into New Mexico, this area is hot and dry with a long growing season.

### Texas High Plains

Established in 1993, and located west in the Panhandle at an elevation of 3000-4000 feet, the climate of this appellation is very dry. The Texas High Plains AVA covers over 8 million acres and grows over 80% of Texas' wine grapes.

### Texas Hill Country

Located west of Austin and San Antonio, this appellation is, like Texas, very large. It is the second largest AVA in the USA, containing more than 9 million acres. Two smaller appellations have been designated within the Texas Hill Country due to the unique microclimates they embody. Many wineries are located in this scenic area.

### Fredericksburg

This viticultural area covers about 70,000 acres and is located within the Texas Hill Country AVA.

### Bell Mountain

Designated in 1986, it is the second established AVA in Texas, covering 3,200 square acres about 15 miles northeast of Fredericksburg within the Texas Hill Country.

### Escondido Valley

This appellation, established in 1992, covers 50 square miles in Pecos County in far West Texas, located near the town of Fort Stockton.

### Texas Davis Mountains

This west Texas appellation is cool and dry at an elevation ranging from 4,500 to 8,300 feet.

### Texoma

Located in north-central Texas, this area contains approximately 3,650 square miles along the Texas-Oklahoma line.
